THE MIRROR

2015 ~ 2016

PLAYBILL

NORTH SHORE COUNTRY DAY

A school year is much like a theater production: there is a crew of dedicated faculty and staff working behind the scenes; a cast of students bringing the story to life; and a storyline that is filled with ups and downs, triumphs and failure. All of these factors ultimately culminate in growth and progress, and they have led us to see that a “playbill” theme embodies the role of *The Mirror*. After a production, the playbill serves as a souvenir that recaps all the highlights of the show and gives credit where credit is due. It gets tucked away for years, and then later brings back a wave of fond memories. This is how the “playbill” theme came to be.

Hope you enjoy the show!

And The Dedication Goes To...

Mr. Doar has been a key contributor to the evolution of North Shore Country Day during his 27 year tenure. Before becoming the Head of School in 2000, as we know him today, he began his time as a math teacher and coach, and later became the Director of Admissions, Lower School Head, Director of Development, and a North Shore parent. Due to all the different roles he has played here at North Shore, he was able to address different issues from each unique perspective. As he was always a strong advocate for students as well as teachers, the Doar Fund was created in his honor to support “student scholars, great teachers, and faculty empowerment.” He continually pushed the boundaries, transforming North Shore into the School it is today. As a result of his efforts, North Shore has had record enrollment, made major renovations to school facilities, and is now “positioned at the forefront of independent-school education as the result of new and innovative academic programs,” says Mr. Lumberg, Board of Trustees Chair. Through everything that Mr. Doar has done, it is clear that he truly embodies North Shore’s mission, values, and motto “Live and Serve.”

Performing together since 2002-2003, please welcome: The *LIFERS*

Brian Cook cannot express his sincerest gratitude to the past fourteen years where he has learned, loved, grown, and excelled at North Shore. Over the course of the past four years, Brian has “Bop bop bopped, bopped to the top, slipped and slid and rode that rhythm” (High School Musical).

Cara Bondurant is a student who loves being a part of the North Shore community, doing art and playing with her dog Beyonce. Cara is super excited to be a lifer and to have had 14 grateful years at North Shore learning, laughing, and having fun. It's the best of both worlds.

Claire Gupta is an intellectual, outgoing, and motivated student, athlete, and activist. She is Secretary General of Model UN Secretariat and also enjoys mathematical endeavors.

CJ Charnas is thankful for everything North Shore has provided him over the years. His 14 years here allow him to call this place his second home.

Reese Formolo has been at North Shore for what is now 14 years. It doesn't seem strange to her to say that she has been at the same school for her entire life, but when she tells others, they cannot believe their ears. Being a lifer is something very special to Reese.

Andersen Formolo has been here since 2002. His time here has played a key role in his growth as an individual. From JK through his senior year, the North Shore faculty has been committed to his success. He has had a very memorable and positive experience here.

Antonia Theodosakis is a student who loves learning, volunteering, editing, and running long and short distances, relays, and hurdles. Although this was her 14th and last year at North Shore, she can't imagine having gone to school anywhere else.

Michael Valenti is the average North Shore lifer. He loves the school for more than just a school; he thinks of it as a second home. Outside of the classroom, he is the leader of Movie Club and a star tennis player. He has enjoyed every day at North Shore.

"Our time together
is just never quite
enough."

CYNTHIA MAO

ASSIST STUDENT OF 2016

Cynthia Mao joined the 11th grade this year as the ASSIST student from China. Joining the North Shore community and assimilating to the completely different American society was a life-changing experience for which she is very grateful.

During her exchange year at North Shore, Cynthia had a blast participating in sports and theater arts, establishing inseparable bonds with her friends. She also loved uniquely American holidays like Halloween and Thanksgiving.

Special thanks to the great Kaplinskys for making my stay in the United States a blast and a once-a-lifetime experience. Thanks to all my teachers for patiently guiding me through the courses and offering me the chance to voice my thoughts. Thanks to every North Shore kid that offered me a warm welcome during my stay in a different country! **Go Raiders!**

In *Anansi the Spider*, an African folktale, the Sky Goddess sends the trickster Anansi on a quest to collect all the wisdom in the world. Anansi sets out on his journey, encountering several animals along the way, who all tell him their wisdom. Anansi stores their wisdom in a pot, but as he ventures on, he can't keep from pulling some tricks. In the midst of one of his tricks, Anansi himself gets tricked, leading him to appreciate the importance of the wisdom he has been collecting.

INTERIM WEEK

Synopsis

One week in the fall is set aside from regularly scheduled classes so that students can participate in an in-depth experience of educational value outside the traditional classroom environment. Upper School teachers seek to establish a learning experience that will challenge students to expand their horizons.

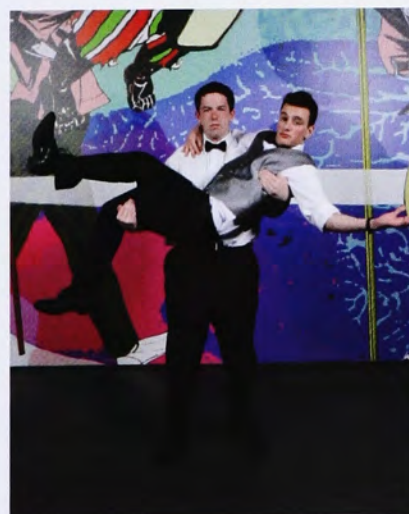

Prom

Prom 2016 took place at the Museum of Contemporary Art with the theme of Pop Art. In addition to a great dance floor, two art galleries containing sculptures and paintings by notable Pop Art Movement artists were open for guests to explore.

UPPER SCHOOL ARTS

We must use our time creatively and we must realize that the time is always here to do great things. ~Dr. Martin Luther King Jr.

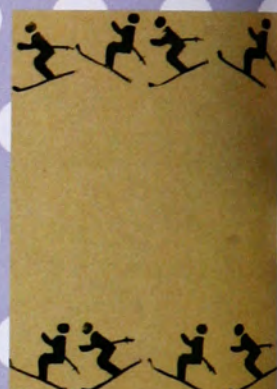

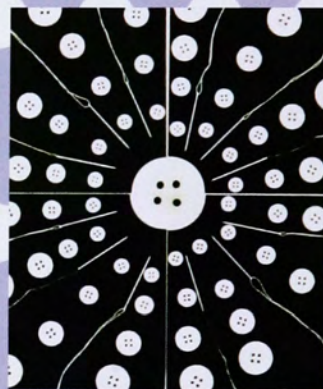

The background of the page features a faint, artistic illustration. On the left, there are stylized depictions of musical instruments, including what appears to be a drum set and a brass instrument. On the right, there are several musical staves with notes and beams, suggesting a melody. The overall style is light and artistic, with a focus on musical themes.

Little Shop of Horrors

"Seymour, an orphan and a nerd, is taken in and given a job by Mr. Mushnik, the owner of a run-down florist in the seedy part of town. Seymour spends his time doing menial tasks and dreaming of the shop assistant, Audrey. One day, just after an eclipse of the sun, Seymour discovers a strange plant. He buys it and names it Audrey II. While caring for Audrey II, Seymour discovers the plant's rather unique appetite. The plant grows and grows, as does Seymour's infatuation for Audrey, but who will get her first?"

~ Mark Harding

OPENING NIGHT: JANUARY 15, 2016

Alice in Wonderland

"Following a white rabbit, Alice journeys into a world of talking animals, comic royalty and races where the contestants run in circles! There are also the Mad Hatter's frantic tea party, the watch-carrying White Rabbit and talking flowers. Along the way, Alice must deal with a sneezing duchess and a baby that turns into a pig! The finale has Alice watching a trial, but she suddenly finds herself the accused! The play gives a modern view to an old classic, where nonsense makes quite good sense." ~ Pioneer Drama Service

OPENING NIGHT: APRIL 13, 2016

Take 10 Festival

In this student driven production, students in Ms. Macholl's directing course spent a month writing 10-minute plays. They then took on the jobs of director and producer, casting their peers as actors. The plays also featured set, props, and lighting designed by Mr. Gruber's technical theatre course. Productions featured this year included: "A Wing and a Prayer," "A Typical Tuesday Morning," "Something in the Shadows," "An Evening of Opposites," "Un Vendredi Étrange," "Detective Jackie," "Coffee Catastrophe," "Boarding," "Keep Belfry Weird," and "Alien Invasion."

OPENING NIGHT: MARCH 10, 2016

Pirates of Penzance

"In *The Pirates of Penzance*, Frederic is a child apprenticed to a band of tenderhearted, orphaned pirates by his nurse who, being hard of hearing, had mistaken her master's instructions to apprentice the boy to a pilot. Frederic, upon completing his 21st year, rejoices that he has fulfilled his indentures and is now free to return to respectable society. But it turns out that he was born on February 29 in leap year, and he remains apprenticed to the pirates until his 21st birthday. By the end of the opera, the pirates, a Major General who knows nothing of military strategy, his large family of beautiful but unwed daughters, and the timid constabulary all contribute to a cacophony that can be silenced only by Queen Victoria's name."
